

ARTEE- EZ CIRCULAR

ARTEE elections for the year 2017-19 are over and the new zonal-committee took over charge on 18/10/17. We extend our sincere thanks to the members for their co-operation in the election under the observation of Prasar Bharati representative. ARTEE, being the largest association of media employees in the world, has always set examples for its endeavour to protect the interest of the public service broadcasting, to make way for achieving new goals in the world of media and to fight for welfare of its members.

We shall try to address the issues for improving the career of subordinate engineering cadres. Final settlement of 25.02.99 order, opening promotional channels in all cadres, implementation of ACP schemes for all cadres and closer of LPTs are the burning issues at present day.

Success of each & every step in any issue will depend upon the stamina of combined efforts by the members irrespective of their designations, seniority or religion and the strength of the association depends upon the capabilities to move as a united force, keeping the interests of employees above any other issues. We are confident that our association, being the mother of its thousands of members, can protect us with our dedication to fight for the welfare of the employees. Let us all make united efforts to achieve our goals.

We are glad to publish the details of the elected ARTEE EZ committee members...
